

The National Partnership for Women & Families works to strengthen three pillars of women's lives: economic security, a health care system that works for women and families, and reproductive autonomy and freedom. Together, these determine women's ability to fully participate in our economy and are indicators of the representational efficacy of our democracy. We call on Congressional champions for women's health and economic security to cosponsor and push for passage of the following priority bills.

Economic Justice

- Family and Medical Insurance Leave (FAMILY) Act
- Healthy Families Act
- Paycheck Fairness Act
- BE HEARD in the Workplace Act
- EMPOWER Act
- Job Protection Act
- Caring For All Families Act
- Comprehensive Paid Leave for Federal Employees Act
- Support Through Loss Act

A Health Care System that Works for Women & Families

- Black Maternal Health Momnibus Act
- John Lewis Equality in Medicare and Medicaid Treatment Act
- CARE for Moms Act
- Midwives for MOMS Act
- Caring for Grieving Families Act
- BABIES Act
- Health Care Affordability Act

Reproductive Health and Rights

- Women's Health Protection Act
- My Body, My Data Act
- EACH Act
- SAFER Health Act
- Reproductive Health Travel Fund Act
